THE ROADMAP

From *mistakes* to *meaning*.

THE MISTAKE

01 Spoil them, then cut them off.
Too generous.

THE FIX

01

02 Control them from the grave
Too rigid.

02

03 Refuse to choose.
Too scared.

THE "DO YOU KNOW?" SCALE

How many can you answer?

1. Do you know how your parents met?
2. Do you know where your grandparents grew up?
3. Do you know the source of your name?
4. Do you know an illness or hardship your family came through?
5. Do you know some of the jobs your parents had when they were young?
6. Do you know a lesson your parents learned the hard way?

Dr. Marshall Duke & Dr. Robyn Fivush, Emory University (2001).

BUILD

03

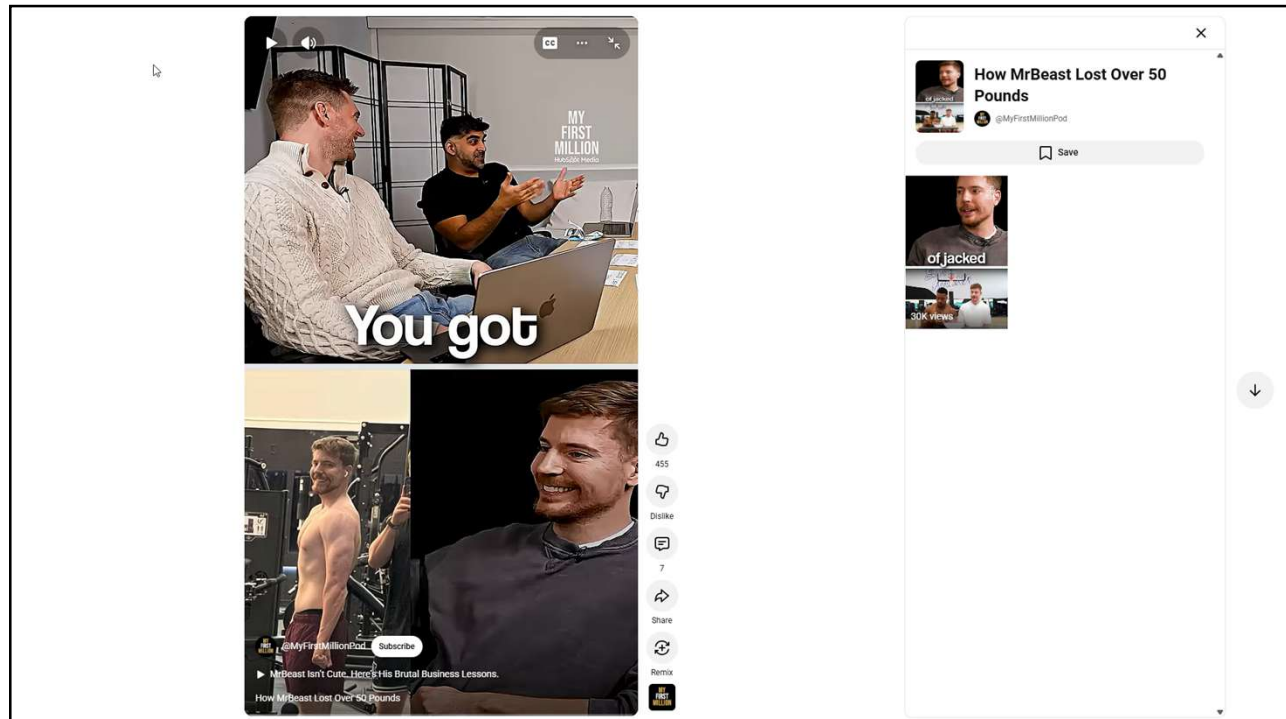

People: Right people, right seats.

Legacy isn't what you leave TO them. It's who you leave AROUND them.

PART THREE

What traditional estate planning gets wrong.

his sons the hardship that made him rich.”*

THE 3 GENERATION PATTERN

Shirtsleeves to shirtsleeves.

Everyone knows "teach a man to fish." An unprepared inheritance is a truckload of fish.

TRADITIONAL ESTATE PLANNING

The 4 D's

D

Dump

Pile of assets dropped at an arbitrary age.

D

Divide

Mathematically equal.
Ignores capability.

D

Defer

Minimize taxes.
Skip the harder work.

D

Dissipate

Shirt sleeves to shirt sleeves in 3 generations.

HOW MOST HEIRS ACTUALLY BEHAVE

The longer you wait, the less is left.

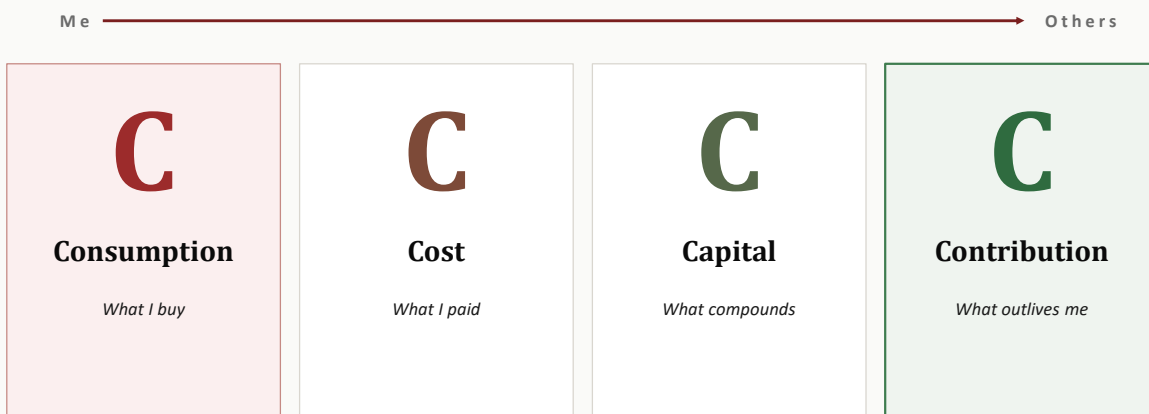

Share of heirs: Thompson & James (2026). Share of dollars: Druedahl & Martinello (2022). 3-generation figure: widely-cited Williams Group estimate.

PART FOUR

A better way.

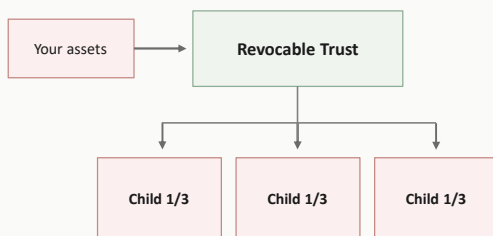

29

27

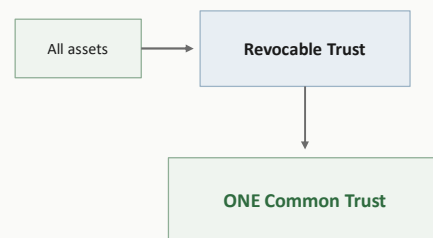

TWO STRUCTURES

Divide it... or keep it whole.

TRADITIONAL

*Splits into shares — divides, then dissipates.*

VALUES-BASED

*Stays whole — invested, growing, funding everyone.*

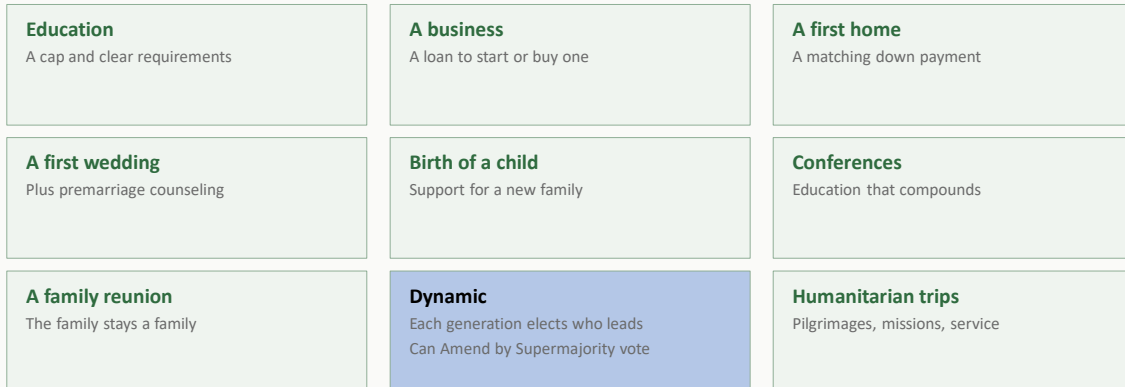

30

28

THE VALUES-BASED TRUST

A perpetual opportunity machine.

It funds a life, not a lump sum.

Framework: David York & Andrew Howell, Entrusted.

THE ROADMAP

THE MISTAKE

THE FIX

THE PLAN

Build the person, not just the estate.

*Estate planning
is about relationships.*
